MENTORING NETWORK

The AIA Michigan Mentoring Network is comprised of volunteer architects who are available to you as you prepare for a career in architecture. The Network is available to any **AIAS members** currently enrolled in an Architecture school in Michigan. There is no cost.

This is an opportunity:

- to **engage and network** with a practicing architect
- to **tailor** meetings and communications that meet your needs
- to **share** resources and successes
- to **seek** outside guidance and information about career path opportunities and challenges
- to **build** lasting relationships.

Elements for success:

- **Be responsive** & respect each other
- **Identify the communication** that works best for you
- **Be prepared** about what you want to learn and experience
- Be honest and open - establish trust; Mentoring is a two-way relationship.

Ready to Join?

Fill out the Student Information Survey on-line at www.aiami.com in the Current Events Box.

Read the commitment at the end of the survey. It tells us that you are serious about success.

This is not:

- A required course
- An internship
- A substitute for AXP
- A job placement service.
